

**Documents on Display at AIACC V & A Methods Training Course
(3-14 June, 2002, Trieste, Italy): Version 1**

The following documents were displayed with sign-up sheets at the training course. Document numbers marked with an asterisk (*) were not available for photocopying, but please see instructions below for ordering information. Articles handed out to everyone during the workshop are listed at the end of the table. A final version of this list will be placed on the course CD.

Doc No.	Title	Author	Journal/Book	Date
1	Glazed Over: Canada copes with the ice storm of 1998	Kerry et al	Environment	1999
2	We can, must and will adapt	Ian Burton	Adapting to Climate Change and Variability in the Great Lakes-St. Lawrence Basin (Proceedings of a Binational Symposium)	1998
3	Estimated costs of adaptation to Canada's current climate and trends under climate change	Herbert and Burton	unpublished	1994
4	Climate adaptation policies for Canada?	Burton	Options Politiques	1998
5	Reconciling national and global priorities in adaptation to climate change: with an illustration from Uganda	Apuli et al	Reconciling National and Global Priorities	
6	Economic analysis and adaptive capacity with reference to an Egyptian case study	Yohe et al		2002
7	Adapting to climate change in the context of national economic planning and development	Burton	Africa's Valuable Assets: A Reader in Natural Resource Management (ed. Peter Veit)	1998
8	Marco Para Las Politicas de Adaptacion	UNDP/UNEP	(Spanish version of Adaptation Policy Framework)	2001
9	Costing climate change: the economics of adaptations and residual impacts for Canada	Rothman et al	Canada Country Study: Climate Impacts and Adaptation; Volume VIII: National Cross-Cutting Issues Volume	
10	Compendium of decision tools to evaluate strategies for adaptation to climate change	Stratus Consulting for UNFCCC Secretariat		1999
11	The tolerable windows approach: lessons and limitations (an editorial comment)	Yohe	Climate Change, volume 41	1999
12	Risk and uncertainties, analysis and evaluation: lessons for adaptation and integration	Yohe and Dowlatabadi	Mitigation and Adaptation Strategies for Global Change, volume 4	1999
13	Assessing the role of adaptation in evaluating vulnerability to climate change	Yohe	Climatic Change, volume 46	2000

14	Sea-level rise and Senegal: potential impacts and consequences	Dennis et al	Journal of Coastal Research, Special Issue Number 14	1995
15	Spanning "not-implausible" futures to assess relative vulnerability to climate change and climate variability	Yohe et al	Global Environmental Change, volume 9	1999
16	Constructing "not implausible" climate and economic scenarios for Egypt	Strzepek et al	Integrated Assessment, volume 2	2001
17	Assessing the risk of climate change on the water resources of the Macquarie River catchment	Jones and Page	Integrated Models for Natural Resources Management across Disciplines, Issues and Scales, volume 2	2001
18	Indicators for social and economic coping capacity - moving toward a working definition of adaptive capacity	Yohe and Tol		2001
19	Vulnerability of crops to climate change: a practical method of indexing	Schimmelpfennig and Yohe	Global Environmental Change and Agriculture	
20	Adaptation and the guardrail approach to tolerable climate change	Yohe and Toth		
21	CSOPP Document: Empowering people - A Guide to Participation	Clayton et al		1997
22	Stakeholder research: from normal to post-normal approaches	van der Werff and Gupta		
23	Developing indicators: lessons learned from central America	Segnestam with Wnograd and Farrow		2000
24	Climate Change, Climatic Variability and Agriculture in Europe: An Integrated Assessment	Downing et al (editors)		2000
25	Making sustainable development operational: integrated capacity building for the water supply and sanitation sector in Mexico	Downs	Journal of Environmental Planning and Management, volume 44(4)	2001
26	Sustainable health risk management and the role of cross-disciplinary professionals in developing countries: Mexican experience	Downs	Environment, Development and Sustainability, volume 3	2001
27	Selecting high-priority hazardous chemicals for tri-national control: a maximum-utility method applied to Mexico	Downs and Santos-Burgoa	International Journal of Occupational and Environmental Health, volume 6(3)	2000
28	Project identification using rapid rural appraisal: Part I: selection of communities and collaborative workshop	Workshop Participants	Jos Plateau Environmental Resources Development Programme (Department of Geography and Planning, University of Jos (Nigeria))	1991

29	Project identification using rapid rural appraisal: Part II: Marit Village Report	Workshop Participants	Jos Plateau Environmental Resources Development Programme (Department of Geography and Planning, University of Jos (Nigeria))	1991
30	Project identification using rapid rural appraisal: Part III: Wereng Village Report	Workshop Participants	Jos Plateau Environmental Resources Development Programme (Department of Geography and Planning, University of Jos (Nigeria))	1991
31	Direct Methods of Valuation (the contingent valuation method)		Environmental Economics in Theory and Practice	
32	Risk Screening for exposure to groundwater pollution in a wastewater irrigation district of the Mexico City region	Downs et al	Environmental Health Perspectives, volume 107(7)	1999
33	Participatory action research and qualitative analysis for nutrient management in southern Mali: a fruitful marriage?	Defoer et al	Agriculture, Ecosystems and Environment, volume 71	1998
34*	Multi-stakeholder processes for governance and sustainability	Hemmati	(can be ordered from IIED: www.iied.org)	2002
35*	Great transition: the promise and lure of the times ahead	Raskin et al	(can be sent by post from SEI after AIACC workshop)	2002
36*	A trainer's guide for participatory learning and action	Pretty et al	(can be ordered from IIED: www.iied.org)	1995
37*	Living with drought: drought mitigation for sustainable livelihoods	von Kotze with Holloway	(can be ordered from Intermediate Technology Publications)	1999
38*	International workshop on vulnerability and global environmental change	Kasperson and Kasperson	(can be downloaded at www.sei.se)	2001
39*	Risk mapping and local capacities: lessons from Mexico and Central America	Trujillo et al	(please see www.oxfam.org.uk)	2000
40*	Facilitator's guide to participatory decision-making	Kaner with Lind et al	(please contact Kate Lonsdale if interested in this book)	1996
41	Enhancing ownership and sustainability: a resource book on participation	IFAD, ANGOC, CIRDAP, SEARSOLIN, MYRADA, IIRR	Copies of these materials were made available to everyone at the workshop	2001
42	Sustainability Science	Kates, et al	Science, volume 292. Copies of this paper were handed to everyone in conjunction with Tim Downs' plenary talk	2001
43	Simplifying disasters: developing a model for complex non-linear events	Kelly	Copies of this paper were handed to everyone in conjunction with Charles Kelly's plenary talk	1999
			Several papers will be handed to everyone on the last day of the workshop. The titles of those papers will be added to this list, and the final version of the list will appear on the AIACC course CD.	
44	Getting the scale right: a comparison of analytical methods for vulnerability assessment and household-level	Stephen and Downing	Disasters, volume 25 (2)	2001

	targetting			
45	Climate change and social vulnerability: toward a sociology and geography of food insecurity	Bohle et al	Global Environmental Change, volume 4(1)	1994
46	Seasonal forecasting of Afican rainfall: perediction, respones and household food security	Washington and Downing	The Geographical Journal, volume 165(3)	1999
47	Seasonal maize forecasting for South Africa dn Zimbabwe derived from an agroclimatological model	Margin et al	Journal of Applied Meteorology	2000
48	Conceptualising and responding to complexity	Munda	Evnriomentnal Valuation in Europe: Policy Research Brief Number 2	2000
49	Theory and practice in assessing vulneraibility to clijmate change and facilitating adaptation	Kelly and Adger	Climatic Change, volume 47	2000
50	Understanding climate policy using participatory agent-based social simulation	Downing et al	Multi-agent based simulation, Moss and Davidsson, eds.	2000
51	Societal vulneraibility to climate change and variability	Handmer et al	Mitigation and Adaptation Strategies for Global Change, volume 4	1999
